SAFETY PREFILLABLE SYRINGES

WITH INTEGRATED AUTOMATIC NEEDLE RETRACTION

Breakthrough Technologies - The Safety Prefillable Syringe with patent approved safety auto retractable needle technology.

1. Full OSHA safety compliance for prevention of needle-stick injuries.
2. MDEA (Medical Design Excellence Awards 2010) winning product and patent.
3. Glass barrel design (and/or customized COC plastic design) is available.
4. Design includes the filling and assemble machine for a turnkey solution.

Opportunity – Options as follows:

- Opportunities include: joint development, mass manufacturing, supplier agreement, product or patent acquisition, licensing, or other suitable arrangements will be considered
- Open for product acquisition/licensing worldwide or regionally (North America, Japan, China, Europe, etc.)
- Exclusivities are available
- All terms to be negotiated

Timeline and Milestones

- **Phase 1** – Proof of Concept
- **Phase 2** – Prototypes
- **Phase 3** – Functional Sample with FDA Grade Materials
- **Phase 4** – Pilot Testing of the Delivery System

ADVANTAGES OF GLOBE’S TECHNOLOGY

- Integrated Needle Stick Prevention with Patented Vacuum Needle retraction technology
- Cost Competitive (compared to regular safety syringes)
- Fully OSHA safety compliant
- Facilitates increased dosage compliance
- Enhances efficiency
- Improves usability
